

AV Quick Start Guide

Connect to the Room System

To show content on the display(s):
Connect the provided HDMI cable or USB-C cable to your device.

To access the room's speakers to play audio:
Select **Crestron** as the system audio output on your device.

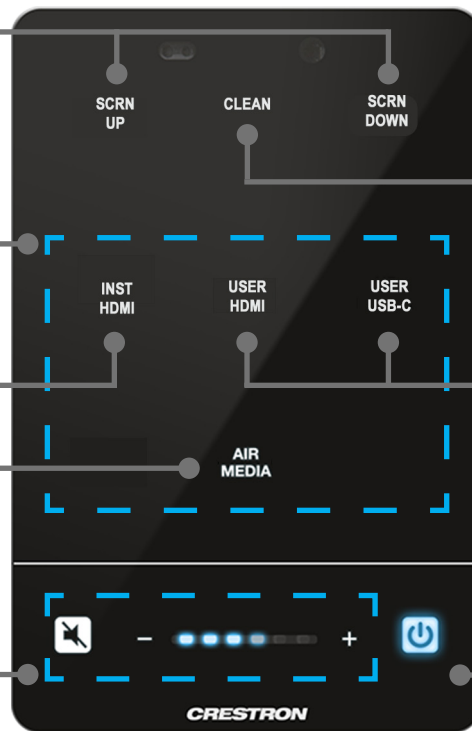

Adjust the projector screen by selecting **SCRN UP** or **SCRN DOWN**

Select a source to turn on the display

To display the in-room computer, select **INST HDMI**

To display your personal device wirelessly, select **AirMedia**

Volume control for the selected source

Selecting **CLEAN** will render the touch panel inoperable for several seconds

To display a connected device using the provided cables, select the correct connection type used

Hold the power button down for several seconds to turn off the display

If you require expedited technical assistance with the A/V system, please scan the QR code to fill out a Problem Report.

You can also call (303) 735-4357 or "5-4357" from the in-room phone.
